

## 2022 MEETING DETAILS

Having weighed the pros and cons concerning the holding of an annual meeting with the limitations on travel and occupancy imposed at the gubernatorial level in many states, we regrettably once again ***will not*** be holding an Annual Meeting in 2022.

While unquestionably we all have "had enough" of covid to last a lifetime, the health and well-being of our members and guests is of chief importance to us. We will wait until such time as we are able to gather in sufficient numbers to warrant holding a meeting.

Separately, no *Flagon & Trencher News* publication was produced in 2020 or 2021. We likely will not produce one in 2022 either, as the publication's chief purpose is to notify members of the annual meeting details. Our 2023 issue will be larger than normal, in order to accommodate three years' worth of new members, as well as other items of interest and import.

Thank you for your patience and understanding.

Alex Bannerman, KOTR
